POWER. PRESTIGE. PERFORMANCE.

The WOW effect. It doesn't come along often.
But when you see it, you know it.

That's the power and prestige you get with Presidential Shake TL, the luxury shingles with the look of cedar shakes and the performance of one of the finest composition roofing solutions in the industry.

It's an easy executive decision. Presidential Shake TL gives your home the distinct look of a hand-split wood shake roof with the durability and performance that leaves wood in the sawdust. You get sculpted edges, staggered lines, and triple layer depth, for an amazing ground level effect that will last and last.

PRESIDENTIAL SHAKE™ TL performs

an american original

When CertainTeed set out to replicate the look of real wood in a composite shake shingle, the industry said it couldn't be done. But with the first came the best. Presidential Shake TL roofing leads the nation in performance, durability and the stunning replication of real wood shakes in America's finest man-made shake solution.

triple-layer construction

TL is triple-layer, the secret behind beauty with performance. Presidential Shake TL features three laminated layers of the industry's strongest materials to produce a thick, dimensional shake that endures commanding attention wherever it goes.

the look of wood (minus the worry)

Presidential Shake TL costs a fraction of natural wood shakes, but the benefits don't end there. Unlike wood, it won't rot or decay, and it offers excellent wind and fire resistance. Plus, with StreakFighter™, it will protect your roof from the streaking caused by airborne algae. Presidential Shake TL. Don't just choose it for the triple-layer durability, originality, or even the cost advantages. Choose it for the power of its position... high above all the rest.

tips for selecting a roof

- 1.** Think big – View a full-sized shingle, not just a swatch or sample.
- 2.** Be real – Look at actual houses where the house and roof color combinations are similar to what you’re considering.
- 3.** Watch the light – As you look, notice how colors appear under changing light conditions and at various times of day.
- 4.** Consider the pitch – Look for roofs with a similar pitch to your own. A roof’s pitch affects the way you see its color.
- 5.** Ask your contractor – They might be able to point you to a home where they’ve installed a roof of your style and color.

green & growing.

We've put green thinking behind our shingle and environmentally sound manufacturing ahead of standard industry practices to produce a product line that is green and growing.

CertainTeed is committed to resource conservation. Our roofing manufacturing facilities recycle close to 90% of the production waste into asphalt materials used for the construction of roads. We also integrate recycled content into many of our packaging needs including corrugated rolls and kraft paper.

They're small steps in a big world. But we're green and growing everyday. It's a commitment we take seriously at CertainTeed.

for the home of a lifetime

CertainTeed building products wrap your home in quality - blending performance, energy efficiency, durability and style.

WinterGuard™

Waterproofing underlayment prevents leaks caused by ice dams and wind-driven rain in the vulnerable areas.

Roofers' Select™ or DiamondDeck™

High-performance underlayment is a secondary barrier against leaks for the entire roof.

Shingles and Accessories

High-quality shingles are covered by one of the best warranties in the business. Accessory products - starter course, and hip and ridge cap shingles - complete your roof from start to finish.

Ventilation

Proper attic ventilation improves air circulation. Air Vent, Inc. ventilation products are recommended for use in connection with the Integrity Roof System.

Enjoy the extra confidence of SureStart™ Protection

Your Presidential Shake TL warranty is strong on its own. But, you also get the added confidence of SureStart protection. That simply means if any problem due to a manufacturing defect occurs during the SureStart period, call us. Upon inspection, we'll cover labor and material replacement costs at 100%.
