GUARANTEE PERIOD

This guarantee ends as of the date listed above. **Note:** some systems require the use of specialized accessories in the roofing system. Where Lexsuco or uncoated Mcurb flashings are used, they are covered by this guarantee **only** for the first ten years.

ELIMINATOR™ ADVANTAGE

In addition to the repair of leaks as detailed above, if a Stratavent® Eliminator™ perforated venting base sheet is installed directly over isocyanurate insulation, GAFMC will also make repairs to eliminate blisters that occur between the Stratavent® Eliminator™ perforated venting base sheet and the isocyanurate insulation even if these blisters do not result in leaks.

OWNER'S RESPONSIBILITIES

In the event of a leak through the GAFMC Roofing Materials, you must notify the GAFMC Guarantee Services Department, 1361 Alps Road, Bldg. 11-1, Wayne, New Jersey 07470 in writing about the leak within thirty days after its discovery or GAFMC will have no responsibility for any repairs. **NOTE:** the roofing contractor is NOT an agent of GAFMC; notice to the roofing contractor is NOT notice to GAFMC.

You must perform regular inspections and maintenance and keep records of this work. Any equipment or material that impedes any inspection must be removed at your expense so that GAFMC can perform inspections. You must make repairs to the building or roof components not covered under the guarantee that are identified during an inspection as necessary to preserve the integrity of the GAFMC Roofing Materials. Your failure to do so in a timely manner may result in cancellation or suspension of your guarantee.

You may make temporary repairs to minimize damage to the building or its contents in an emergency, at your sole expense. These repairs will not result in cancellation of the guarantee as long as they are reasonable and customary and do not result in permanent damage to the GAFMC Roofing Materials.
