3 MEGA PANELS

All-in-One Mega Panels The Next Generation of Construction

Sheeting, joists, studs, trusses are combined in one solid panel. With everything built right in, panels are ready to use, with no pre-framing required, making installation simple and faster. Our standard 6" panel contains EPS that is 96 times thicker than a coffee cup for a 100% thermal barrier, and a 24.3 R-Value!
