Scott Denny, Licensed Acupuncturist, Signs Acupuncture Services Agreement With Holy Cross Hospital

RxPRN (Jun 04, 2007)

Local acupuncturist, **Scott Denny, PhD, MS, LAc, Dipl. Ac.**, has entered into an agreement with the **Harry & Beatrice Feldman Center** for Optimal Health at Holy Cross Hospital. Holy Cross has joined the ranks of other progressive hospitals by adding integrative healthcare services into mainstream patient care. The Feldman Center is within the main hospital campus located at 4725 North Federal Highway in Fort Lauderdale, Florida. Holy Cross Hospital is proud to have been honored by HealthGrades as one of "America's 50 Best Hospitals" and for the *fifth consecutive year* as a "**Distinguished Hospital Award**" **Recipient for Overall Clinical Excellence** .

Scott is a 1998 graduate of the Tri-State College of Acupuncture located in New York City. He holds a Diplomate in Acupuncture from the National Certification Commission for Acupuncture & Oriental Medicine (NCCAOM), a PhD degree in Electromedical Science, in addition to several other degrees. He has also had the honor of being the past President of American Academy of Pain Management (AAPM) a multi-disciplinary medical organization with a current membership of nearly 5,300 pain management clinicians of all medical specialties. He has also received the Continuing Education Excellence Award in Pain Management eight times. He has achieved Fellow status with the American Association of Integrated Medicine for his work in integrative health care. Scott is also a member of the Florida State Oriental Medical Association (FSOMA), and a past member of the Board of Directors of the FSOMA. He is certified in many other related areas; pain management, biopuncture, homotoxicology, homeopathy, and cold laser techniques. His current practice focus is integrative healthcare, acupuncture in pain management, and complementary healthcare. His current clinical position is the Co-Director of MultiCare Rehabilitation located in Davie, Florida.

A multi-specialty service line, The Feldman Center for Optimal Health brings together certified practitioners who work with patients and families to integrate holistic therapies to help alleviate stress, reduce pain and anxiety, manage symptoms, and promote a feeling of well-being. Their services include: Nutritional and lifestyle counseling, meditation therapy, hypnosis, massage therapy, acupuncture, preventive diagnostic imaging, and therapeutic music (voices of healing), and many educational programs.
